18 POST OFFICE SQUARE.
1900.

Commonwealth of Massachusetts.

Office of the Secretary, Boston, Jan. 31, 1900.

To the Honorable Senate and the House of Representatives.

I have the honor to submit herewith, in compliance with section 262 of the Election Act of 1898, a report of the number of assessed polls, the number of registered male and female voters at the date of the last annual State election and city and town elections, and the total number of persons, both male and female, who voted at each such election in each city and town, and in every voting precinct of the several cities and towns, together with the number of votes received by each candidate for a State office at the last annual State election, arranged by cities, towns and districts.

In further compliance with the law above quoted, I submit the following suggestions: —

(1) Section 223 of the Election Act of 1898 authorizes city and town clerks to provide stamps for marking ballots at caucuses and elections. The section further provides that at caucuses and elections for which such stamps are furnished they shall be used by the voters in marking their ballots, and that ballots not so marked shall not be counted. This latter provision imposes what seems to me an unnecessary restriction on the voter, and I recommend its repeal.

(2) Some embarrassment has arisen and more is likely to arise from the provision that no greater number of candidates for any office bearing the same political designation shall be placed upon the official ballot than are to be elected. This provision was intended to apply only to the regular candidates of political parties, but as it stands it includes also candidates nominated by nomination papers. There seems to be no good reason why two or more candidates should not run on nomination papers under the same political designation, and I suggest such an amendment of the law as will enable this to be done.

(3) Article XV. of the Amendments to the Constitution provides that in case of a failure to elect Representatives on the Tuesday next after the first Monday in November, a second meeting shall be holden for that purpose on the fourth Monday of the same month. The Election Act, however, provides that the election shall be held at such a day as the House of Representatives may order, — the practical result of which is that the vacancy cannot be filled until several weeks after the meeting of the Legislature in January. I call attention to this inconsistency, which seems to have been hitherto overlooked, and suggest the necessity of providing a remedy therefor.

Voting Machines.

During the year the Ellis Voting Machine has been examined and approved by the Secretary, the Treasurer and the Auditor of the Commonwealth, acting under Title VI. of the Election Act of 1898, and the usual circular announcing such approval was sent to the clerks of the several cities and towns.

Very respectfully,

WM. M. OLIN.
